Engineering Systems*

## INVITED SESSION SUMMARY

**Title of Session:**

Challenges and solutions for knowledge management in project management

**Name, Title and Affiliation of Chair:**

Chair

Assoc. Prof. Tadeusz A. Grzeszczyk, Warsaw University of Technology, Poland

Co-Chaired by

Assoc. Prof. Jakub Swacha, University of Szczecin, Poland

**Details of Session (including aim and scope):**

This session covers both theoretical and applied research challenges in the range of knowledge management in project management. The introduction of innovative project management solutions that are based on knowledge management can result in a significant improvement in the efficiency and effectiveness of projects.

The topics of interest include (but are not limited to):

- Key challenges of knowledge management in project management,
- Knowledge management and project success,
- Knowledge management and project-oriented organisations,
- Project management and learning organizations,
- Creating and capturing knowledge in project, program, project portfolio and project-based organizations,
- New solutions in project and knowledge management,
- Gamification of knowledge management,
- Knowledge management at hybrid and agile project approaches,
- Development and evaluation of ICT tools supporting knowledge-based solutions in project management,
- Application of AI in knowledge management in projects,
- Good practices of implementing knowledge management in projects.

**Main Contributing Researchers / Research Centres (tentative, if known at this stage):**

Warsaw University of Technology, Poland

University of Szczecin, Poland
